The Authority assumes no responsibility and bears no liability for costs incurred by a Proposer in the preparation and submittal of a Proposal in response to this RFP Solicitation.

#### **1.4.4 CONTENTS OF PROPOSAL – OPEN PUBLIC RECORDS ACT**

The Authority, as an instrumentality of the State of New Jersey, is subject to the New Jersey Open Public Records Act (N.J.S.A. 47:1A-1.1 et seq.), as amended and including all applicable regulations and policies and applicable case law, including the common law right to know. Subsequent to the Proposal submission opening, all information submitted by Proposer in response to a solicitation is considered public information, notwithstanding any disclaimers to the contrary submitted by a Bidder. When the RFP contains a negotiation component, the Proposal will not be subject to public disclosure until a conditional Notice of Award is issued.

As part of its Proposal, a Bidder may designate any data or materials it asserts are exempt from public disclosure under OPRA and/or the common law, explaining the basis for such assertion. The location in the Proposal of any such designation should be clearly stated in a cover letter.

A Bidder shall not designate any price lists and/or catalogs submitted as exempt from public disclosure.

Any proprietary and/or confidential information in the Bidder's Proposal will be redacted by the Authority. A Bidder may designate specific information as not subject to disclosure pursuant to the exceptions to OPRA found at N.J.S.A. 47:1A-1.1, when the Proposer has a good faith legal and/or factual basis for such assertion. The Authority reserves the right to make the determination as to what is proprietary or confidential, and will advise the Proposer accordingly. **The Authority will not honor any attempt by a Proposer to designate its entire Proposal as proprietary, confidential and/or to claim copyright protection for its entire Proposal.** Copyright law does not prohibit access to a record which is otherwise available under OPRA. In the event of any challenge to the Proposer's assertion of confidentiality with which the Authority does not concur, the Proposer shall be solely responsible for defending its designation, but in doing so, all costs and expenses associated therewith shall be the responsibility of the Bidder. The Authority assumes no such responsibility or liability.

#### **1.4.5 PROPOSAL SUBMISSION ANNOUNCEMENT**

On the date and time Proposals are due under the RFP, only the names and addresses of the Proposer(s) submitting Proposals will be publicly announced and the contents of the Proposals shall remain proprietary and/or confidential, pursuant to Negotiation and Best and Final Offer (BAFO) Section 6.8, until the Conditional/Notice of Intent to Award is issued.

NOTE: All Proposal submissions, once publicly opened, become the property of the Authority and cannot be returned to the Proposer.

#### 1.4.6 PROPOSAL ERRORS – BEFORE & AFTER BID OPENING

A Proposer(s) may withdraw its Proposal as described below:

A Proposer(s) may request that its Proposal be withdrawn prior to the Proposal submission opening. Such request must be made, in writing, via e-mail to the IPM Procurement Department at email: [EDAProcurementQA@njeda.com](mailto:EDAProcurementQA@njeda.com), with a reference to company name, RFP number, RFP Title, a Proposal identifier if one was applied, Proposal submission date, and method of Proposal submission (i.e., electronic version or hard copy delivery). The written withdrawal request must be signed and submitted by a duly authorized representative of the Proposing entity to be valid.

In the event the Proposer withdraws its bid Proposal in person, a business card and proper identification must be presented. Proposals so withdrawn will be returned to the Proposer unopened.

If the withdrawal request is granted, the Proposer(s) may submit a revised Proposal as long as the Proposal is received prior to the announced date and time for Proposal submission and at the place specified.

If, after the Proposal submission opening but before contract award, a Proposer(s) discovers an error in its Proposal, the Proposer(s) may make a written request to the IPM Procurement Department for authorization to withdraw its Proposal from consideration for award. Evidence of the Proposer's good faith in making this request shall be used in making the determination. The factors that will be considered are that the mistake is so significant that to enforce the contract resulting from the Proposal would be unconscionable; that the mistake relates to a material feature of the contract; that the mistake occurred notwithstanding the Proposer's exercise of reasonable care; and that the Authority will not be significantly prejudiced by granting the withdrawal of the Proposal. After the Proposal submission opening, while pursuant to the provisions of this section, the Proposer may request to withdraw the Proposal and the Authority may, in its sole discretion allow the Proposer to withdraw it, the Authority also may take notice of repeated or unusual requests to withdraw by a Proposer(s) and take those prior requests to withdraw into consideration when evaluating the Proposer(s) future bids or Proposals.

If during a Proposal evaluation process an obvious pricing error made by a potential contract awardee is found, the Authority shall issue written notice to the Proposer(s). The Proposer(s) will have five (5) days after receipt of the notice to confirm its pricing. If the Proposer fails to respond, its Proposal shall be considered withdrawn, and no further consideration shall be given it.

If it is discovered that there is an arithmetic disparity between the unit price and the total extended price, the unit price shall prevail. If there is any other ambiguity in the pricing other than a disparity between the unit price and extended price and the Proposer's intention is not readily discernible from other parts of the Proposal, the IPM Procurement Department may seek clarification from the Proposer(s) to ascertain the true intent of the Proposal.

#### 1.4.7 JOINT VENTURE

The Authority will **NOT** consider Proposals submitted by joint ventures, in the performance of the Work for this RFP.

Proposers shall note that any and all reference to "joint venture(s)", "joint venture partner(s)" / "joint venture partnership(s)" in any documents included as a part of the RFP specifications, exhibits or attachments shall be read as though the words are stricken and removed.

#### **1.4.8 SUBCONTRACTORS/SUBCONSULTANTS**

See Proposer's Checklist – Subcontractor Utilization Form, complete & submit, if applicable.

The Contractor shall be fully responsible to the Authority for the acts and omissions of its Subcontractors and/or subconsultants, and of persons either directly or indirectly employed by them, as the Contractor is responsible for the acts and omissions of persons directly employed by the Contractor.

The Contractor shall cause appropriate provisions to be inserted in all subcontracts relative to the Work to bind Subcontractors to the Contractor by the terms of the Contracts Documents in so far as applicable to the Work of Subcontractors and to give the Contractor the same power as regards terminating any subcontract that the Authority may exercise over the Contractor under any provision of the Contract Documents.

Proposers should note that the Contractor retains the sole and absolute responsibility for the management and supervision of all Subcontractors to a high quality of service. Such Subcontractors must possess a valid "Business Registration Certificate", as further detailed in "Section 4.2.3.5 Compliance – Business Registration Certificate" of this RFP. Additionally, the Contractor assumes sole and absolute responsibility for all payments and monies due to its Subcontractors.

Nothing contained in this RFP and subsequent Contract shall create any contractual relation between any Subcontractor and the Authority.

#### **1.4.9 CONFLICT OF INTEREST**

Proposer must indicate and detail any Conflict of Interest that exists with either their personnel or any Subcontracting personnel being utilized for these services. Such conflicts include a direct, familial, or personal monetary interest or any previous or existing personal/professional relationships with the Authority and any personnel assigned to work on the Authority's account, regarding these requisite services.

If such a Conflict of Interest exists with any vendor personnel or any Subcontracting personnel being utilized for these services, the Proposer must disclose such possible conflicts in the Proposal. Should a conflict(s) be found to exist, whether real or perceived, the Authority, in its sole discretion, shall determine whether it is a conflict(s) and the individual(s) involved are to be immediately removed.

#### **1.4.10 PROPOSAL ACCEPTANCES AND REJECTIONS**

## **6.0 PROPOSAL EVALUATION**

### **6.1 RIGHT TO WAIVE**

The Authority reserves the right to waive minor irregularities or omissions in a Proposal. The Authority also reserves the right to waive a requirement provided that:

- A. the requirement is not mandated by law;
- B. all of the otherwise responsive Proposals failed to meet the requirement; and

### **6.2 RIGHT OF FINAL PROPOSAL ACCEPTANCE**

The Authority reserves the right to reject any or all Proposals, or to award in whole or in part if deemed to be in the best interest of the Authority to do so. The Authority shall have the power to award orders or contracts to the Proposer best meeting specifications and conditions.

### **6.3 RIGHT TO INSPECT PROPOSER'S FACILITIES**

The Authority reserves the right to inspect the Proposer establishment before making an award, for the purposes of ascertaining whether the Proposer has the necessary facilities for performing the contract.

The Authority may also consult with clients of the Proposer during the evaluation of bids. Such consultation is intended to assist the Authority in making a contract award which is most advantageous to the Authority.

#### 6.4 RIGHT TO REQUEST FURTHER INFORMATION

The Authority reserves the right to request all information which may assist it in making a contract award, including factors necessary to evaluate the Proposer financial capabilities to perform the contract. Further, the Authority reserves the right to request a Proposer to explain, in detail, how the Proposal price was determined.

#### 6.5 PROPOSAL EVALUATION COMMITTEE

Proposals may be evaluated by a cross-functional Evaluation Committee composed of the Authority's staff, management, and possibly other state agencies and/or industry Subject Matter Experts (SME's), but will not be voting members. Only Authority staff will evaluate, score and rank Proposals received in response to this RFP, and the criteria established herein.

#### 6.6 ORAL PRESENTATION AND/OR CLARIFICATION OF PROPOSAL

After the submission of Proposals, unless requested by the Authority as noted below, vendor contact with the Authority is still not permitted.

After the Proposals are reviewed, one, some or all of the Proposers may be asked to clarify certain aspects of their Proposals. A request for clarification may be made in order to resolve minor ambiguities, irregularities, informalities or clerical errors. Clarifications cannot correct any deficiencies or material omissions or revise or modify a Proposal, except to the extent that correction of apparent clerical mistakes results in a modification.

The Proposer may be required to give an oral presentation to the Authority concerning its Proposal.

Proposer may not attend the oral presentations of their competitors.

It is within the Authority's discretion whether to require the Proposer(s) to give an oral presentation or require the Proposer(s) to submit written responses to questions regarding its Proposal. Action by the Authority in this regard should not be construed to imply acceptance or rejection of a Proposal. The Internal Process Management Procurement department will be the sole point of contact regarding any request for an oral presentation or clarification.

#### 6.7 EVALUATION CRITERIA

The following evaluation criteria categories, not necessarily listed in order of significance, will be used to evaluate Proposals received in response to this RFP. The evaluation criteria categories may be used to develop more detailed evaluation criteria to be used in the evaluation process.

##### 6.7.1 QUALIFICATIONS/EXPERIENCE EVALUATION CRITERIA

- A. Personnel: The qualifications and experience of the Proposer's management, supervisory, and key personnel assigned to the contract, including the candidates recommended for each of the positions/roles required
  - 1. If key personnel are identified and required in Section 3.0 of this RFP, the Proposer **should** submit a resume for each key position and the Proposer's resumes **should** include: Name of Proposed Person, Current Position/Description of Role, Previous Relevant Position(s)/Description(s) of Role(s), and three (3) business references

associated with any of the named relevant positions. Business references **should** include a Contact Name, Job Title, Daytime Telephone Number and an E-mail Address. Failure to submit mandatory resumes and full references' details **will result in rejection** of the Proposer's Proposal for further consideration.

B. Experience of entity: The Proposers documented experience in successfully completing contracts of a similar size and scope in relation to the work required by this RFP, based, in part, on the Proposer's submitted narratives and references.

1. If references for contracts of similar size and scope are required in Section 3.0 of this RFP, the Proposer **should** submit business references for each relevant contract. Business references **should** include a Contract Name/Description of Contract, Contact Name, Job Title, Daytime Telephone Number and an E-mail Address. Failure to submit mandatory contract details and full references' details **will result in rejection** of the Proposer's Proposal for further consideration.

C. Ability of the entity to complete the Scope of Work based on its Technical Proposal: The Proposer's demonstration that the Proposer understands the requirements of the Scope of Work and presents an approach that would permit successful performance of the technical requirements of the contract. Proposer's turnaround timeframes are critical and will be closely evaluated for both content and completion timeframes.

#### **6.7.2 PROPOSER'S FEE SCHEDULE**

For evaluation purposes, Proposers will be ranked and weighted according to the lowest total price for all services and products, per the Fee Schedule accompanying this RFP.

Hourly rates, per the Fee Schedule, will be used for any additional work that might be required during the contract time frame, not specified in the original Scope of Work.

#### **6.7.3 PROPOSAL DISCREPANCIES**

In evaluating Proposals, discrepancies between words and figures will be resolved in favor of words. Discrepancies between unit prices and totals of unit prices will be resolved in favor of unit prices. Discrepancies in the multiplication of units of work and unit prices will be resolved in favor of the unit prices. Discrepancies between the indicated total of multiplied unit prices and units of work and the actual total will be resolved in favor of the actual total. Discrepancies between the indicated sum of any column of figures and the correct sum thereof will be resolved in favor of the correct sum of the column of figures.

#### **6.7.4 EVALUATION OF THE PROPOSALS**

After the Evaluation Committee completes its evaluation, it recommends to the Authority an award to the responsible Proposer whose Proposal, conforming to this RFP, is most advantageous to the Authority. The process considers and assesses price, technical criteria, and other factors during the evaluation process before a recommendation is made. The Authority may accept, reject or modify the recommendation of the Evaluation Committee. Whether or not there has been a negotiation process as outlined in Section 6.8 below, the Authority reserves the right to negotiate price reductions with the selected Proposer(s).

#### **6.8 NEGOTIATION AND BEST AND FINAL OFFER (BAFO)**

After evaluating Proposals, the Authority may enter into negotiations with one Proposer or multiple Proposers. The primary purpose of negotiations is to maximize the Authority's ability to obtain the best value based on the mandatory requirements, evaluation criteria, and cost. Multiple rounds of

negotiations may be conducted with one Proposer or multiple Proposers. Negotiations will be structured by the Internal Process Management's Procurement department to safeguard information and ensure that all Proposers are treated fairly.

Similarly, the Internal Process Management's Procurement department may invite one Proposer or multiple Proposers to submit a best and final offer (BAFO). Said invitation will establish the time and place for submission of the BAFO. Any BAFO that is not equal to or lower in price than the pricing offered in the Proposer's original Proposal will be rejected as non-responsive and the Authority will revert to consideration and evaluation of the Proposer's original pricing.

If required, after review of the BAFO(s), clarification may be sought from the Proposer. The Internal Process Management's Procurement department may conduct more than one round of negotiation and/or BAFO in order to attain the best value for the Authority.

After evaluation of Proposals and as applicable, negotiation(s) and/or BAFO(s), the Internal Process Management's Procurement department will recommend the responsible Proposer whose Proposal(s), conforming to the RFP, is/are most advantageous to the Authority, price and other factors considered. The Authority may accept, reject or modify the recommendation of the Internal Process Management's Procurement department. The Internal Process Management's Procurement department may initiate additional negotiation or BAFO procedures with the selected Proposer(s).

Negotiations will be conducted only in those circumstances where they are deemed to be in the Authority's best interests and to maximize the Authority's ability to get the best value. Therefore, the Proposer is advised to submit its best technical and price Proposal in response to this RFP since the Authority may, after evaluation, make a contract award based on the content of the initial submission, without further negotiation and/or BAFO with any Proposer.

All contacts, records of initial evaluations, any correspondence with Proposer related to any request for clarification, negotiation or BAFO, any revised technical and/or price Proposals, the Evaluation Committee Report and the Award Recommendation, will remain confidential until approved and a Conditional Notice of Intent to Award a contract is issued.

NOTE: If the Authority contemplates negotiation, Proposal prices will not be publicly read at the Proposal submission opening. Only the name and address of each Proposer will be publicly announced at the Proposal submission opening.

## **6.9 PROTEST OF RECOMMENDED AWARD**

Any Proposer may protest a vendor selection (an award) by the New Jersey Economic Development Authority. In order for a protest to be timely, it must be submitted to the Senior Vice President – Business Support within ten (10) business days of receipt of the notification that the Proposer was not selected. In order to be considered complete, a protest must: (i) identify the Proposer that is submitting the protest, (ii) identify the contract award that is being protested, (iii) specify all grounds for the protest (including all arguments, materials and/or documents that support the protest); and, (iv) indicate whether an oral presentation is requested, and if so, the reason for the oral presentation. A Hearing Officer will be designated by the Authority's Senior Vice President – Business Support. The designated Hearing Officer will review all timely and complete Vendor protests and will have sole discretion to determine if an oral presentation by the protester is necessary to reach an informed decision on the matter(s) of the protest.

After completing his or her review of the protest, the Hearing Officer will prepare a preliminary report, which shall be advisory in nature and not binding, and send to the Protestor. Should the Protestor dispute the findings of the preliminary "*Hearing Officer Report*", it will be afforded an "*Exceptions Period*" equal to ten (10) business days from the Authority's issuance of the preliminary "*Hearing Officer Report*" to refute the findings of the Hearing Officer. At the expiration of the exceptions

period, the Hearing Officer will review any “*Exceptions to the Hearing Officer’s Report*” and finalize his or her report.

The Hearing Officer will make a recommendation in his or her final “*Hearing Officer Report*” which will be sent with any “*Exceptions to the Hearing Officer’s Report*” to either the Authority’s Board or the Authority’s Chief Executive Officer, as determined by the dollar amount of the potential award as it relates to the Authority’s internal Operating Authority Approval Levels, for a final decision to award the contract. The Authority’s Board of Directors or Chief Executive Officer will review the final “*Hearing Officer Report*” and the protestor’s “*Exceptions to the Hearing Officer’s Report*” and shall render a final decision regarding the appropriateness of the award. The action of the Authority’s Board or Chief Executive Officer, to make a final decision for the award of the contract will be a final Authority action that is appealable to the Appellate Division of the Superior Court of New Jersey.

It is the Authority’s intent not to award the contract until it has completed all of the review procedures described above. If, however, in the Authority’s sole discretion, it is determined that such an award is necessary to support the uninterrupted and efficient business operations of the Authority; the contract may be awarded.

## **7.0 CONTRACT AWARD**

Contract award(s) shall be made in whole or in part, with reasonable promptness by written notice to the highest ranked responsible Proposer, whose proposal, conforming to this RFP, is most advantageous to the Authority, price, and other factors considered, as determined by the Authority, in its sole discretion. Any or all proposals may be rejected when the Authority determines that it is in the public interest to do so.

It is the policy of the New Jersey Economic Development Authority that to be considered for award, a Proposer must achieve or exceed an overall score of three (“3”) indicating a rating of “Good”, on a scale of 1-5 with 5 being the highest rating. The Authority shall be under no obligation to make an award to an entity which does not achieve this minimum scoring threshold.

Award of a contract for the services outlined in this RFP will be subject to the selected entity entering into the “Contract for Professional Service”, attached to this RFP as Exhibit A. Proposers are encouraged to carefully review the specimen Contract and should indicate any exceptions taken to the form of Contract during the “Questions and Answers Period.”

The Proposer is cautioned that it shall not impose conditions under which it will conduct business with the New Jersey Economic Development Authority by submitting its own separate and distinct company “Standard Terms and Conditions”, engagement letters, agreement(s) or forms in response to this section requirement. The Proposer shall not submit its “Standard Terms and Conditions” or submit material revisions and/or exceptions to the “Contract for Professional Services” with the proposal as it will result in the proposal being deemed non-responsive.

**IMPORTANT:** In the event the Proposer takes exception to one (1) or more points within the Contract; it shall submit its “exceptions” in the form of a question to be submitted for consideration during the “Questions and Answers Period” established for this solicitation. The Authority shall not consider any questions, exceptions or requests for changes to be made to the specimen contract at any time during the RFP process, unless submitted during the “Questions and Answers Period”.

The Authority shall be under no obligation to grant or accept any requested changes (i.e. exceptions taken) to the specimen form of the Contract (Exhibit A) during the “Questions and Answers Period.”

Any proposal submitted in response to this RFP will be considered a firm Offer by the responding vendor to perform the Scope of Services, as outlined in the RFP and specimen contract. By submitting an Offer in response to this RFP, the responding vendor agrees to hold its Offer open

for at least one hundred twenty (120) days after the response due date. Any provision in a submitted Offer that attempts to limit or condition the time that an Offer is open for consideration by the Authority will not be binding on the Authority.

Accordingly, any proposals submitted will indicate an acceptance by proposers of the form of Specimen Contract.

Acceptance of a proposal and award of a contract is subject to the approval of the Authority's Board.
